

ONLINE PERMISSION POLICY FORM

Third party services information for parents

Dear Parents and Caregivers

Our school provides access to Department of Education online services. These enhance the contemporary learning opportunities available to students and the range of teaching tools available to staff to deliver the Western Australian Curriculum. I am writing to seek approval for your child to be given access to these online services. The Department's online services currently provide students with access to:

- individual email and calendar accounts
- the internet, with all reasonable care taken by central office and schools to monitor and control students' access to websites while at school
- online teaching and learning services such as Connect, web-conferencing and digital resources
- online file storage and sharing services; and
- these online services at locations other than school.

Please note that while every reasonable effort is made by schools and the Department to prevent student exposure to inappropriate online content when using Department provided online services, it is not possible to completely eliminate the risk of such exposure.

You should be aware that the Department has the right to review, audit, intercept, access and disclose messages created, received or sent over Department online services. Logs of email transactions and internet access data are kept for administrative, legal and security purposes and may be monitored. Similar to other corporate records, emails and internet access records are discoverable in the event of legal action and are subject to provisions of the Freedom of Information Act 1992. (www.foi.wa.gov.au)

You should also be aware that general internet browsing not conducted via the Department's network is not monitored or filtered by the Department. The Department encourages close family supervision of all internet use by children in locations other than school, and strongly recommends the use of appropriate internet filtering software. Advice on managing internet use at home can found on the Office of the E-Safety Commissioner website (www.esafety.gov.au/iparent).

If you agree to your child using these online services, please complete the information on the following pages.

Yours sincerely

Learne Dunn
Principal

Online service account permission and consent to disclose personal information to third party services

Parent Consent.

I understand and agree that my child has responsibilities when using the online services provided at school for educational purposes, in accordance with the Acceptable Use Agreement for school students. I also understand that if my child breaks any of the rules in the agreement that the principal may take disciplinary action in accordance with the Department's Student Behaviour Policy and Procedures. Please Note: While every reasonable effort is made by schools and the Department of Education to prevent student exposure to inappropriate online content when using the Department's Online Services, it is not possible to completely eliminate the risk of such exposure. The Department cannot filter internet content accessed by your child from home or from other locations away from the school. The Department recommends the use of appropriate internet filtering software at home.
